

SPIKE LIGHT RENZO

These high-performance 10W, 18W, and 48W spike lights deliver a warm 3000K architectural glow with a built-in glare shroud for precise landscape illumination. Engineered for durability on AC220-240V power, the IP-rated housing features an adjustable bracket and heavy-duty spike for versatile outdoor installation. Reliability is guaranteed for professional projects with a robust construction backed by an industry-leading 5-year warranty.

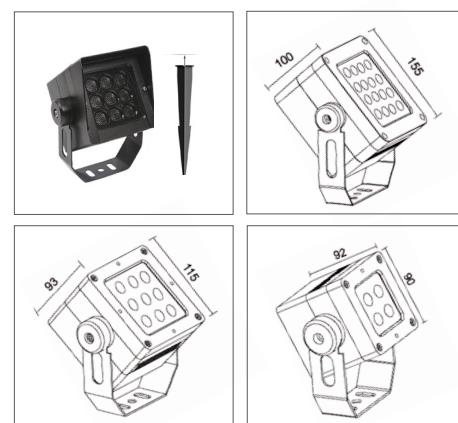

PRODUCT ADVANTAGES AND FEATURES

- ◆ Customizable Power & Illumination: Available in multiple power options (10W, 18W, and 48W) and provides a warm 3000K architectural glow for precise landscape lighting.
- ◆ Integrated Glare Control: Each light features a built-in glare shroud, designed to focus the beam and minimize unwanted light spill.
- ◆ Durable Outdoor Construction: Engineered for longevity with an IP-rated housing (dust-tight and water-resistant) and a heavy-duty spike for stable ground installation.
- ◆ High-Temperature Resistant Driver (Tc 90°C): The current driver ensuring stable performance, enhanced thermal management, and long-lasting reliability in demanding outdoor environments.
- ◆ Project Reliability: Designed for professional-grade durability on AC220-240V power and comes with a robust 5-year warranty.
